

After-Hours Medical Support for Our Patients

Your health and wellness are our top priority, even in the middle of the night!

During weekday business hours, your Fenway Medical providers are here for you. Then, on nights, weekends, and holidays, our partners at Night Nurse are now available on-call.

For more than 25 years, Night Nurse RNs have been providing expert telephone-based support. Now, Fenway Health patients will receive around-the-clock support from both organizations.

We're Here When You Need Us!

If you need to see your provider or if you need a medication refill, please book a daytime appointment at Fenway Health. Then on nights, weekends, and holidays, Night Nurse's staff of highly experienced RNs are available to provide telephone triage care.

Get the support you need, when you need it!

For after-hours medical needs, call the Fenway Health main number at 617-267-0900 and select the prompt to reach an on-call medical provider (#8) to reach an after-hours provider.
